6. Is human an omnivore or carnivore? Omnivore

7. Give an example of a food chain.

Grass → Rabbit → Snake

8. Choose the correct food chain from the following.

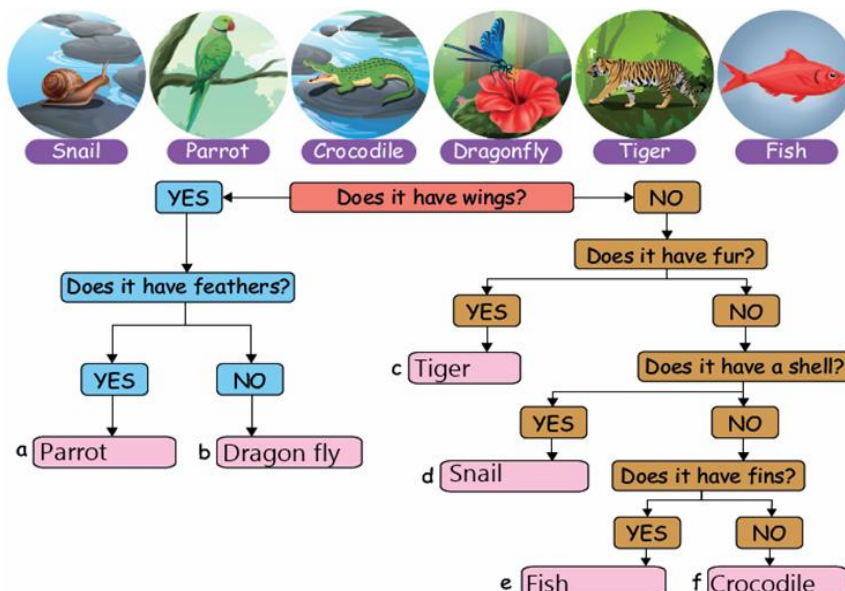

a. Leaves Bird Insect

b. Insect Leaves Bird

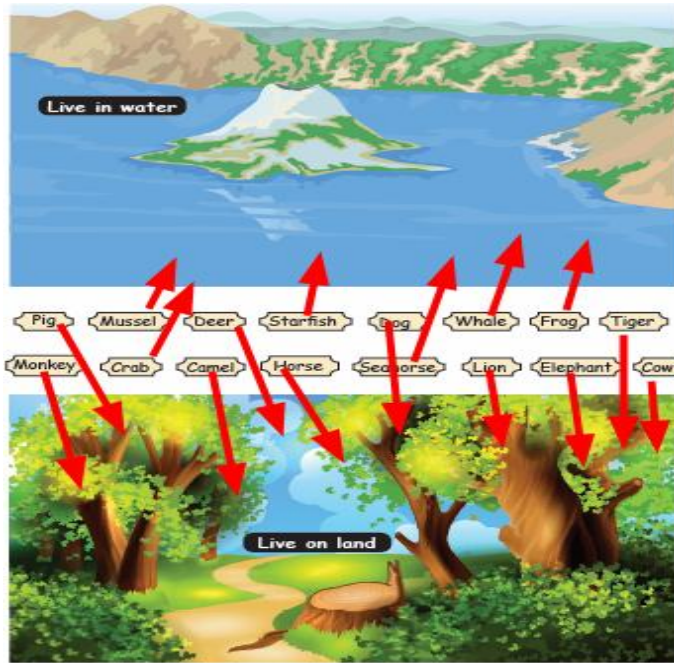

c. **Leave Insect Bird**

Book Inside

1. Identify and write the names of the animals by using the keywords given.

2. Link the animals that live in water and live on land

3. There is a zoo near your town. Due to some reasons, they have to take the animals back to their habitat. Where will they take each of the following animals?

(Tiger, Crab, Turkey, Giraffe, Cat, Fish, Bear, Donkey, Camel, Crow, Zebra, Duck, Elephant, Tortoise, Pig, Peacock, Lion)

Plains	Forests	Ponds
Turkey	Tiger	Crab
Cat	Giraffe	Fish
Donkey	Bear	Tortoise
Camel	Zebra	Duck
Crow	Elephant	
Pig	Lion	
Peacock		

4. Circle the odd one based on habitat.

- a. Lion, Elephant, Monkey, **Whale**
- b. Shark, **Dog**, Jelly fish, Star fish

5. Write the names of the animal with the help of the clues given.

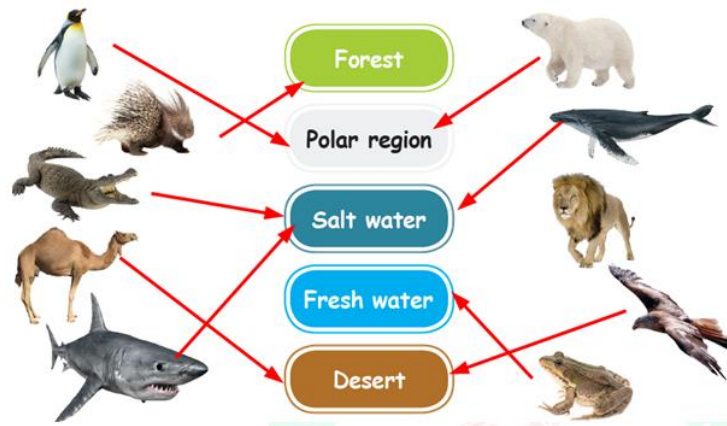

(Penguin, Whale, Octopus, Duck)

- Octopus** has eight arms. It lives in the ocean.
- Penguin** cannot fly, but it swims very well

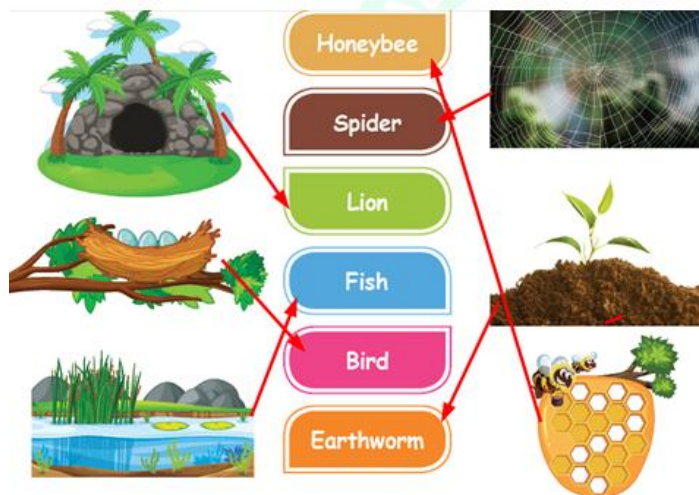

3. Whale is the largest animal in the sea.

4. Duck is a common water bird.

6. Match the animals with their living place.

7. Match these animals with their homes.

8. Write the foods of given animals using the following words.

(Carrot, Deer, Milk, Grass, Grains)

9. Let us discuss the following and complete the sentence.

(earthworm, butterfly, mosquito, spider, elephant, lion, hen)

I am a lion. I am the king of the forest. I eat animals like deer, zebra and giraffe by hunting them.

I am a female mosquito. I suck blood from animals. But males of my family feed on plant juices.

I am a hen .I eat cereals, small insects, earthworms etc.
